product description: The metal washer is used to attach electrical installation strips to the wall/ceiling.
 The metal washers must be fixed using the K-PULSA_PO gas nail gun.
 Thanks to its design, it can be easily secured into the nailing port of the gas nail gun, allowing for one-handed installation.
 Suitable for PVC strips - LHD 20x20, 40x20, 40x40 a LH 60x40.

surface finish: galvanized

sales amount: á 200 pcs

storage: ČSN EN 60721-3-1
